ABOUT MY SELF

I am from a middle-Class family. Looking for good Opportunity for my Career. I Completed 1 year software engineering program from Navgurukul.You can go through the **www.navgurukul.org**. I want to get a Chance for work with good software-development company where I can learn new things and can explore my skills in new programming languages. I learn languages myself also, but I want to learn with Implement.

WORK EXPERIENCE

XpressCure Technology
Frontend Developer
(November 2021 - December 2022)

I have worked on a doctor web app in which doctors can sign up , login, registration their account and can chat and videocall send prescription for a patient like they provides online consultation for a patient. And side by side i have worked on admin Pannel of the android app and web Apps, which controls by admin.
